

The Start-Up Visa Program

Innovate and Grow in Canada

The Start-Up Visa Program is ideal for entrepreneurs and business founders aiming to establish innovative companies in Canada. Recent updates have enhanced accessibility, reduced backlogs, and prioritized applications backed by Canadian capital or recognized business incubators, offering greater opportunities for start-ups to thrive.

Work In Canada While You Wait

Why Choose the Start-Up Visa Program?

Favorable Business Climate

Launch your business in one of the world's most stable economies.

Permanent Residency

Secure residency while building your business in Canada.

Priority Processing

Applications supported by Canadian venture capital, angel investors, or business incubators are prioritized.

Program Requirements

Designated Support

Secure support from a designated venture capital fund, angel investor group, or business incubator.

Minimum Investment

\$200,000 from a designated venture capital fund or \$75,000 from an angel investor group; acceptance into an incubator is also sufficient.

Comprehensive Support

Pace Law offers expertise in navigating the application process, helping you access key resources and make your vision a reality.
